### The Story:

I'd seen this lovely little lust magnet before at the start of this decade but thought for some reason she had disappeared. Once I knew she was still here I had to see her. In my opinion she is the best around, the little minx. Visited her immaculate flat - discretion is required as it's a residential building. She is in her early 30s, Italian, genuinely beautiful with curves in all the right places, a wonderful smile and warm demeanour. Dressed in black stockings and a silky gown, she looked amazing and offered me some bubbly. We chatted before I showered - she provides all the grooming essentials - and then to the naughty business. Serena has a fantastic feminine figure that demands to be kissed and caressed. I loved sucking on her full voluptuous tits, fondling her perfect arse and kissing the back of her neck, which she seemed to like. The bedroom has a full set of mirrored wardrobes that enhances the eroticism and she enjoys watching the action, which makes the mood extra sensual. In return, she took me in her mouth, maintaining eye contact all the while taking my stiff cock to new heights of hardness. Moving to the bed, she let me explore her peachy backside, then head south to the tropics of her delicious, tight pussy until she came, making delightful moans and squeezing my head between her thigh. Wonderful. We then moved to her riding me, firmly, all the time looking into my eyes and telling 'fuck me, you're going to make me cum'. After a while it was just intense and I happily shot my load, exhausted. Although she is perfectly capable of a PSE I prefer a GFE with her, and she is fun to talk to as well as fuck. Later she began to caress my dick with her hand and once more treated me to her oral skills, before a second round of her riding me with real passion and intensity. Yes, she is on the pricey side, but it is worth it if you want a fun, erotic and laughter filled time with a real, sassy, intelligent and experienced woman with a snatch to die for. Serena can be a classy dinner date or a down and dirty slut - she knows what men want and is a consummate courtesan, old school. Treat her very well, she is a true find who puts the coq in coquettish. My favourite woman by a distance.
