The Premises:

This is a recent addition to Annabellas. It's in Bletchley. You have to climb a flight of stairs but other than that once inside it's cosy and the rooms are quite big and comfortable with a few mirrors to add to the experience if desired.

The Lady:

Carla is voluptuous. About 5.3". She's attractive with a great pair of tits and a very warm and friendly personality. Personally I loved her body and just kept stroking her skin and letting my hands roam wherever I could.

The Story:

I had just finished my shift and needed cheering up. I had looked at Annabellas website before going to work early this morning as I usually do. I had seen Carla was the Christmas present for today (advent girl) and I thought actually it was about time I met this lady as I'd read her profile numerous times and read all her reports on here but somehow our paths had never crossed. I phoned at 12:30 and the receptionist told me that she could fit me in at 14:00 to which I agreed. I gave the code for today that meant my 30 minutes would be an incredible £40. Thank you the management. I must confess I have already availed myself with some of the other advent girls and none have disappointed but some have been much better than others purely because of their attitude. Well, Carla scores top marks there. She came into the room and said hello lets go downstairs, so we did. Straight away she asked if this was my Christmas treat and moved in to french kiss me. I liked that. Proper kissing and she complimented me on the freshness of my breath. (take note gents). We snogged and Carla began taking off her bodice. Firstly to reveal her wonderful breasts then completely so that she was naked. I enjoyed exploring her body with my hands as we kissed and I think she liked it too as I was gentle with her soft silky skin. Carla then lay on the edge of the bed and took me in her mouth. This was good too, firm but just wet enough to make the sensation good. I love 69 and couldn't wait to move on so I asked Carla and she immediately put me in the best position to receive her pussy. Again, very nice, sweet tasting and a joy to lick and suck as I continued to let my hands roam over Carla's bottom and back. I think that she appreciated my touch and I definitely enjoyed her attention to my little man. After I believe she orgasmed, she repositioned herself so that I could stroke her back and neck while she continued to

give my todger her attention. She then suggested fucking! Great, she rubbered me up and then sat on top cowgirl . I of course played with and squeezed her beautiful boobs and french kissed her too. We then moved to reverse cowgirl and Carla definitely put some effort in as she ground into me and I gave her a few playful spanks. Next it was doggy. I had got into it by now and really wanted to go for it but first I enjoyed just stroking Carla's back as I built up momentum and then when I knew I wasn't far away I got hold of her hips and went for it with some deep thrusts and a fantastic release. Carla remained in position as I continued to tickle and stroke her back. If only it were not her business then I think we both could have stayed there all day. Finally the todger relented and lost its firmness. Carla was fantastic. she helped clean me up, she continued to kiss me and hug me and we talked freely about Christmas and other more personal things. Do I recommend her? Of course as long as you are going to be nice to her, because she deserves to be treated well. Carla has a wonderful personality. She is a real woman and it felt like a proper girlfriend experience rather than a business transaction. Carla made me feel good. I left with a smile on my face and another kiss as I exited. My only regret is that I left it so long before discovering this lovely lady. Thank you to the management. Your Christmas present to your clients is a nice touch and I for one am grateful of the opportunity of meeting ladies I might not have seen otherwise. Not that I'm a cheapskate, I just know what I like and Ella, Elise and Millie all float my boat. Wonderful girls who also have fantastic attitudes and of course bodies to die for. Thank you, Thank you, Thank you.
