The Story:

Good communications, Jenny greeted me with a smile and led me into the bedroom. I got the paperwork out of the way and Jenny offered me a shower. As it was an en-suite I left the door open and could see Jenny climb onto the bed and wait for me which was a nice change from the usual 5 minute wait you often have before the girl comes back in.

Once dry I lay down with Jenny, she asked what I liked and I told her a gentle gfe. With that she started french kissing me. I couldn't stop kissing Jenny, she was really passionate and intimate, allowing me to hold her like we were truly lovers. She kissed me all over and then started kissing my shaft before flicking her tongue around my balls - I moaned with extasy and she knew she'd hit the spot and carried on licking them whilst maintaining eye contact. What a sight - it was heaven so I let her carry on for ages stopping her only to lean forward and kiss those soft lips.

I made my mind up that i was going to cum in her mouth and save fucking her for round 2 which she agreed to (extra 20 for cim as per her profile). When I finally blew my load it just kept coming and Jenny held on to catch it all. Afterwards she wiped me up and got straight back to kissing and cuddling.

Jenny gave me a lovely back massage for 5 or 10 minutes, then I turned over for more kissing and cuddling. I commented that it was a bit chilly and Jenny suggested we get under the quilt - this was a first for me with an escort and she said she had never done that with a client either, you can't get more of a gfe than that!

Soon it was time to fuck, jenny sat on my cock whilst standing and, once I was firmly rooted in her she started pumping back forth whilst making moans of pleasure, I stood up and she put both of her hands on the frame of the large mirror and I could see her giving 100%. I was standing up fucking

Jenny and she leant forward sticking her ass out with her knees together whilst looking me in the eyes through the mirror as I got to work on her. At one point I was hammering away at her from behind as she sucked on my finger which made for such a satisfying picture of completeness. Next she climbed onto the very high bed with me still inside, I went on tiptoes to fuck her harder as she pushed her face and chest into the bed and lifted her ass as high as possible. I lifted my left foot onto the bed so i could pound her harder and deeper and she responded by pushing back even harder. After a while I climbed up on the bed with both feet so I could squat behind her and pump away at her pussy with her lovely ass nestled into me. Eventually we worked our way forwards so Jenny ended up lying down whilst I kept going, we then moved seamlessly into spooning with my arms around her as she turned her head to kiss me whilst squirming on my rock hard cock. Soon we took a quick break as We'd been screwing passionately for 15 mins amd I didn't want to cum yet. More kisses and cuddles then a sensual missionary which got faster, harder and deeper as she raised her legs, I held her calves and brought them together against my chest, then lifting her ass off the bed so I could fuck her deeper and deeper whilst only her shoulders and head touched the bed I knew I was going to cum and plowed hard into her, leaning forward for a deep french kiss just as I came into her and stayed inside until every last drop was spent. Off with the johnny, a quick clean up and I passed her bottle of water as we had both worled up a sweat. We spent the last 10 minutes cuddling and chatting and then off I went.

What a great girl x
