The Premises:

Centre Milton Keynes location not from supermarket in a building that appears to be a converted office block. Not particularly overlooked - no one who saw you enter would know what naughtiness you are up to (unless they partaked in such naughtiness too)

Didn't see much of the place it was modern and the room was nice, clean and good size with an ensuite - felt private and safe

The Lady:

A very beautifully lady indeed! Tall with an absolutely perfect gym toned and tanned body - really incredible! Pretty face, enhanced breasts that were a good size without being too big... and an ass... her ass was a piece of artwork I would happily frame and mount on my wall. Would have been value for money to have gone in paid up, squeezed that ass and walked out.

Valentina was dressed in fishnet leggings and a black gypsy kinda top showing off her shoulder - nice. Website said she is 31... who am I to say different, I didn't carbon-date her so am happy to believe she is (more or less).

The Story:

Buzzed at the main door and was let in quick. Got to the flat door which opened in front of me, I half expected to meet another client coming out, but it was another girl that was waiting for me to come in, so I didn't even have to knock - very good service

Shown to the room and offered a juice. Was told that Valentina was running a little late, fine by me as I was in no hurry. Valentina arrived after about seven or eight minutes and wow was it worth the wait! There is always a bit of apprehension when you see a girl for the first time, will she be as hot as her pics? Will we click? Well it was a double yes. She was a gorgeous long legged dirty blond that looked stunning.

We sat on the bed and started chatting, I told her I would like to come twice if possible. I like a young, pretty Eastern European girl as much as the next red blooded man - but I do find they tend

to get 'straight down to business', But all Brazilian/South American girls I have met (think Valentina is the fourth) are much more friendly and do a few minutes chat rather than just dropping their undies like they are on fire. This makes it all much more relaxed, natural and dare I say...real...

She speaks perfect English and as we spoke her hands started to wander as did mine. She in buttoned my shirt and caressed inside ... then undid my belt and fly before touching me through my trousers. I was quickly to a semi. The talking stopped and the kissing started... not too deep but with a hint of what was to come. I removed my shirt as she took off her top to reveal two (I counted) perfectly round breasts. Her leggings followed showing off legs that went on forever ... she sat on the edge of the bed while I stood and dropped my trousers showing my excitement through my boxers. I removed them too and my cock sprang out hard as rock. She took it in her mouth and proceeded with a soft OWO. It felt so good but after a couple of minutes I remembered to be a gentleman and offered to lick her pussy. She lay back and showed me what I think is the cutest, neatest pussy I have ever seen. Smooth as silk and perfectly formed. I got on the bed and started licking away. She moaned and purred while giving the occasional quiver when I hit the spot just right.

After a few minutes she was wet and ready. I told her I wanted to fuck her against the wall. She deftly suited me up with her mouth and in a flash she was up against the wall, her ass sticking out and ready. This is a sight to behold! Long legs going up to a round (but not too large) ass that was just waiting for me. She guided me in to her pussy and I went for it. My god it was incredible! Her ass was so firm you could bounce a quarter off it (I wouldn't recommend doing that on her enhanced breasts as that could be dangerous if it Ricocheted off them, the wall, the ceiling, floor and into an eye). I fucked her hard, reached round to squeeze her breasts, stroke her clit and back to a light smack and squeeze of her ass. Looking down at my cock going in and out of this woman I smiled to myself as this was what punting was all about. Sex with crazy hot girls! I told her to get on the bed and she obliged - ass sticking up high, pussy wet and swollen. I stood by the bed and re-entered. I fucked her hard and felt my orgasm build and build... and build, I can't remember the last time I exploded like that! It was a cry out loud, knee wobbling climax after which I had to lie down.

After tidying up Valentina lay down next to me and we started to kiss. Now it was deep full fat tongue kissing while she stroked my cock - who had barely gone down at all. We kissed like until I was fully hard again then it was on with the next condom and me on top for round two. The sex was deep, hard and good and she couldn't have kissed any deeper even if she was an ant-eater. Her moans grow more intense and she only managed to kiss between gasps of air. I felt another monster orgasm building and I thrust for all I was worth until I came again (and I think she enjoyed it too).

We lay there for a few minutes longer not being rushed at all. She then offered me a shower and after a quick wash she showered too. As I dressed she sat down next to me and asked if I needed any change. For a moment i didn't understand what she meant, before i realized that I hadn't paid for services rendered. (Asking for change must be a Euphemism for "show me the money!") As I can't really think what combination of notes would require change when paying £60... maybe £50 note and a £20...)

This was definitely in my top 3 punts ever. Valentina is truly a top pro! Thanks gorgeous and hope your hand is better (I might need use of it in the new year)
