The Premises:

A really squalid upstairs flat on a suburban road. Not at all discreet. It is about a 10 minute walk from Woolwich rail and DLR stations.

The Lady:

A not particularly attractive East European girl. Dress size 10 with medium sized breasts.

The Story:

This is a typical high turnover location at the bottom end of the market. A number of girls work at this address. It is rather like a Soho walkup. The services are rushed with minimal foreplay. My session consisted of covered oral and sex in missionary position.

I think once is enough for this location.
