The Premises:

Was alright, she let me use her parking space that she had with the flat.

Was pretty tidy and she let me shower after.

It wasn't a huge place but the bedroom was nice and stuff so pretty pleased with that. It smelt nice as well, I remember thinking that when I went in straight away

The Lady:

Young, brown hair. Was nice and long which is why I chose her, can't stand short hair on a girl.

She weren't quiet but she was quite reserved at first. I think she was waiting to see my reaction and stuff.

I really liked her, pretty happy to do what I wanted and stuff and was interested in what I'd been up to and stuff

The Story:

I think I was about 5 minutes late but she was fine with it and she opened the door, welcomed me in and stuff.

Told her I wanted the girlfriend experience so she took it slow and gentle and stuff but still sucked me off. She's well petite so looked really good bent down in front of my hard dick

Think that was my favourite sight

She asked me to leave the review for her coz she new how pleased I was so was happy to.

Id def recommend her.

After a little while doing the whole gf thing, I must admit I started getting a bit more aroused and the urge for anal took over. Told her what I wanted and she appeared from another room with lube.

Mate she loved it!!! Did her from behind and she was well into it

She didn't make it seem like she was just there coz she was getting paid and stuff, actually enjoyed it and wanted to be there. I was really chuffed with the whole experience, and would def use her again.
