The Premises:

Just off Baker Street – quite the smallest venue Phoenix/LMP has ever had. Great for this party (4L and 4M) but would get crowded if it had to house a full 18! The two bedrooms were next to each other with a connecting door which I preferred to the everyone in a live approach of the last venue as it meant that whether taking part in the action or just sitting out recovering, you could pretty much see what everyone was up to which enhanced the general orgy effect.

The Lady:

Four lovely ladies –

Christina (or she may be Christine – her accent was a bit unclear on the point – either way she was dark skinned, Latin type middle height, lovely pert breasts with little nipples that hardened into little bullets when handled.

Barbara (also acting as hostess, light-haired, tallish, bigger generally but all in proportion)

Elsa (Swedish girl with streaky long blonde hair, great legs, soft breast lovely to play with)

Luiza (stalwart of the scene stretching back to LMP days, dark haired, generally petite with full breasts)

All four girls were hard at work throughout the party and barely stopped for a break throughout. Everyone of them had a great personality and was fun to party with.

The Story:

First party in over a year as I had thought that Phoenix were not as good as they used to be. I didn't like the last venue and the girls had become rather offhand when I last visited. Still looked at the list and thought worth trying as I've fancied Ruby and the other 5 girls looked worth playing with. Turned up despite checking in the morning to find that only two of the original list were partying. Not a good start. However as it turned out, I shouldn't have worried as the 4 babes on duty were all good looking and sexy as hell. This is one of the best parties I've ever had and certainly the best for some

years that I've attended.

Only three of us men at outset and I had a slight hassle at the start which was soon sorted out and I put myself into the caring hands of Christina and we were soon in the back bedroom getting to know each other. She soon had my cock hard as her little lips stretched round it and she gave me a lovely blow job. Barbara decided to come and join us so for a while I had the pleasure of both ladies as Barbara rubbed her breasts over me and let me play with them while Christina continued the good she was doing between my thighs. One of us suggested a move around so Christina came and sat on my face allowing me to start licking her pussy lips while Barbara moved into the cock-licking position. This went on for a while and when I came up for air I asked if I could calm down a bit by working on Christina's pussy. Barbara kindly agreed to leave us to it, promising to come back later, and Christina got on her back, parted her legs and let me loose on her sweet vagina. We were soon enjoying ourselves immensely and I seemed to have her turned on. She certainly didn't want me to stop and gently held me head in position and directed me around her lips and clitoris as she got excited. I kept working on her and she did eventually seem to come. As she calmed down she asked me if I wanted to fuck her now. Well, as she kindly suggested adopting doggy position with me standing behind her I couldn't deny her and I was soon thrusting deeply into her. We fucked for a while but I knew if I continued that I would come and that might be the end of me for the whole party so after a few final hard thrusts, I withdrew saying that I would try to get back to finish her off later (rather annoyingly, I didn't manage it).

Hardly had Christina moved off however than Barbara was back demanding some of what Christina had had so in just a few moments, I was again between the thighs of a beautiful woman using my tongue to arouse her pussy. Barbara also seemed to appreciate my efforts and eventually asked me to fuck her. How did I want it, she asked, and I suggested she stay right where she was. After applying the condom, she lay back and I slid into position. Absolutely heavenly. She held me close to her and I began pumping harder. This time I knew there would be no stopping and I just surrendered myself to the inevitability of discharging my load while deep inside her.

In recovery mode for a while I went into the other room to get a better view of what was going on. Both Luiza and Elsa were in mid-fuck with a guy each. By now a fourth man had arrived and he went through to the back room with Christina who soon had him fully occupied. I grabbed a drink and some food and prepared myself for the second half of the party. I began by going to play with Luiza's breasts as she was being pleased by her partner. She remembered me from previous encounters and said she would join me soon but to carry on what I was doing in the meantime. A little later, however, Elsa became free and I knew that the time had come to explore her lovely body. Elsa had spent most of her time on her knees being taken from behind but she had this really sexy way of twisting round so that her breasts were lifted off the bed and on display both to the guy fucking her and anyone watching. What you might call a real porn star position. She started with some serious work on my cock as Elsa wanked and sucked me back to life until eventually she suggested we fuck. What position I asked and she immediately suggested doggy as I'd hoped. She knelt before me and guided my cock into her pussy. Being somewhat calmer than hitherto, I was able to just get into a pleasurable rhythm with her and she duly responding by arching her back and twisting again so that I could see her right breast and the look of concentration and pleasure on her face. I reached round to fondle her breasts as we fucked. They were very soft but firm just as I like them and helped to inspire my lust for this girl still further. Happily my body responded and I was soon enjoying my second orgasm of the party as I deposited load number two into the condom while thrusting into her.

I wondered if I would be able to summon up any more energy but had reckoned without Luiza who was intent on hooking up with me again. She got me on my back and began rubbing her self all over me. When she saw some signs of life from my cock she got her lips to work and soon had me hard again. I think you're up for it she said, put her condom on and climbed on board. As ever, sex with Luiza was mind-blowing and I enjoyed playing with her body as she rode me. She was quite chatty as well and this made for great interaction as we continued screwing. Amazingly, I was likely to come again so I asked Luiza to get into missionary so I could pump hard and make sure that I

could use her body to reach another orgasm. A few thrusts later and she had done her duty and brought me off again. I thanked her for another great session – I really must see her on her own someday.

There were only 15 minutes left of the party and I knew that trying to get myself to cumming point again was unlikely so I decided to leave on a high note. Christina who was unoccupied came and helped me get dressed. She was very attentive and I really regretted not getting back to her but we had a cuddle and a couple of kisses and I took the opportunity to touch her up as I got ready to leave. I promised to see her again. Apparently she only works at Phoenix so another party is definitely called for.

As I've said above, all in all, this was one of the best parties I'd attended for quite a while – all four girls were the type I enjoy and all four were fun and attentive and enthusiastic sexual partners. My regrets were merely that I didn't get to have an orgasm with and in Christina and that I didn't get to repeat my pussy sucking exercises with Luiza. On the other hand, I did fuck all four girls and left feeling fully satisfied. Maybe Phoenix Parties are on the up again.
