### The Premises:

Small, nondescript apartment with weird ceiling heights. Bedroom and bathroom were comfortable but functional; certainly didn't enhance the experience. Don't do what i did and walk from marble arch, it's further than you think.

### The Lady:

Young, attractive. I think she's hungarian, not that that makes any difference, excellent english. Certainly the girl in the photos. On some other websites she has some selfies which give a better indication of her appearance.

### The Story:

I think Hollie is maybe a little too new to escorting. She's a pleasant girl but very young and hence maybe naive or just lacks confidence.

There was little engagement, she was looking at her phone continuously during the time we were together, maybe she was nervous but i tried to engage her. On giving her the envelope she counted the money out in front of me then asked for a tip - even though i have given tips in the past i have never been asked at the start of the booking.....

The whole experience was very stilted and mechanical. No engagement, no rapport, no faking. We all know escorts fake the experience, but it just makes for a better time - like when you go to a strip club and the girl is faking interest in you - you both know she's not into you, but it just makes the whole experience better.

I was amorous (?!) so went through with the sex. It was ok, a little mechanical, i did all the work, no mirrors - literally cum and go. Ok.

Like i said, maybe she is still very new to escorting and needs time to develop or had had bad clients. I can imagine she will probably be really great in a couple of years.

Oh, and i felt a bit bad for her at the end so gave her a £40 tip.
