The Premises:

Was quite plain, but neat and tidy. The bathroom was really lovely, a bit girly but really lovely. Nice place to freshen up which I did before and after actually

The Lady:

Very pleasant girl, quite shy at the start but she eased into after a while, get the impression she likes to judge the punter first

See what he's like then decide how to act if ya know what I mean

Long dirty blonde hair and wore the sort of undies I requested

The Story:

After a little initial quietness she got down to business, i wanted basic, nothing special, just a good shag and that's what she did.

All protection worn, which she provided

She used a flavoured condom too and went to town - really good at that as well and done it in her underwear so was an awesome sight

I reckon my hour visit probably went a few minutes over which was great, we just really got into it and mate, she has stamina

We did doggy style which I loved coz I got to really grab her backside and grab her tits and i held on to her hair and pulled her about a bit, she loved it, properly loved it.

Think I'll be booking her again.

So far this agency are living up to their name, the girls are good quality and worth the wonga
