### The Premises:

Located reasonably close to both the city of Manchester and to the United ground, without being forced into the traffic hell that exists right now. Looks like it is on a small industrial estate, so ok in the daytime, although maybe not great at night. Parked in a small car park. Came in through a gate then onto reception. Seemed like a very interesting atmosphere to the place, which was casual, friendly and maybe a bit seedy. After selecting my lady, I was led into my room. Could be described as functional, as everything was clean and worked, but it didn't come across as classy. Shower worked, and was warmer than the room. A couple of ladies were busy, a couple were free, but I had already decided beforehand on Porsha as I liked the look of her from her photos.

### The Lady:

A middle aged woman, described online as being 36. Maybe a couple of years older than that, but still accurate. Pics were a good match. I'd say she is a sort of mucky milf, in a very good way (like the frisky older woman you get at a hen party). A mixed race lady with a lovely complexion and a really good pair of boobs, obviously augmented, but which are well mounted with great nipples. Good legs and a nice ass too. Overall, very friendly and chatty.

### The Story:

While I was waiting for Porsha to come in, I was treated to the banging taking place in the room next door. If the walls were any thinner, they could be made of paper mache. Still, she was a sight for sore eyes when she came. Said hello, then came right up to me and planted a full kiss on the lips. The smell of her embrace, the warmth of her embrace and the close proximity of her boobs were enough to get me a massive boner. Moved on to the bed, where she started on a blowjob. Good technique, and looked fantastic with her arse up from behind. While getting sucked off, I was startled at first to feel something around my bum, but soon alternated between relaxation and tension as she slyly stuck a condomed finger up the back. At this point, I really wanted more, so after getting a condom on, Porsha laid back as I started on missionary. She felt warm and comfortable, and while kisses were not full on, she more than made up for it with her encouragement. After coming in the bag, Porsha stayed and let me play more with her boobs, before we cleaned up and left.

I'd definitely consider seeing her again, as it was a good value meeting, she was friendly, and she had great tits. Next time, I'd love to go down on her, as her pussu looked lush. The only thing was that the premises wasn't top motch, but I guess I could grow used to it.
