The Premises:

HOD2 near to Victoria. Easy to find. Well documented in other reviews. A few pedestrians around so timed by arrival accordingly.

I had also texted ahead to check whether I should arrive on time or a few minutes early or later with the objective of avoiding other customers. Arrived at the address exactly on time as agreed and then noticed a previous customer was leaving so went for a very short walk. Then made it almost to the door when it opened to reveal Alexa (who I have not met but recognised from photos) letting her last visitor out!

The Lady:

Absolutely gorgeous as you would expect from the photos, even better in person. Fantastic figure and all natural which I love. Simply stunning.

The Story:

Alexa welcomed me in, asked who I was seeing and arranged for the glass of water I had been offered.

Given my other limited experiences of visiting HOD (this is the 4th) and other reviews this was quite a different session from what you would expect.

I do love an erotic/tantric message (in addition to the normal reason for visiting). Stephanie's profile very much appealed to me as it lists Erotic Massage and Erotic Shower as well as other services I would enjoy. In addition, the appeal of a beautiful blonde from a former Soviet state is a combination I cannot resist!

I am not going to go into all the detail as out of respect for Stephanie that is between us.

The session was dedicated to erotic massage with me being completely pampered and teased. For

those who haven't experienced this, the erotic energy grows steadily throughout ending with the inevitable but through the release of endorphins there is a fantastic feeling of wellbeing that stays with you for days.

Stephanie is a very very skilled masseuse (we didn't have time for anything else!). Her touch at times was so delicate and stimulating it could hardly be felt, like a whisper. At the same time, it was teasing and through a bit of denial a sense of anticipation built. Stephanie is also fantastically caring and understands the male body and mind really well and was able to build me up again. Stephanie was also keen to ensure I was really pampered. This all carried an air of mystery and sense of what else is to be enjoyed on subsequent visits. In short this was fabulous, this has to be one of the best erotic massages I have ever had, if not the best (and I have had a good few - only taking off 'points' as HOD is not a massage establishment so massage oil is not available neither is a futon on which to do the massage).

Time sadly escaped us as it does with these sorts of sessions. I hope Stephanie didn't get in trouble for us over-running, but we did start a little late for the reasons given above and it was Stephanie's first day at HOD2.

In summary Stephanie is very special, sophisticated, mysterious, intriguing, funny and beautiful. I look forward to further sessions when hopefully we can add many of the other services to the superb massage. I can't wait!!

I did promise a short review but seem to have got carried away!
