The Story:

in the run up to Christmas either loads of girls have already gone home or loads of us chaps are dipping into our pockets for a Christmas treat. I asked Peachy for a number of girls with reviews on punternet and they were all unavailable. Eventually, having worked myself up a bit, I asked the receptionist to choose one for me while I travelled into town. I do not normally do this, I rarely see a girl without at least one review on Punternet, but, like I said, I had worked myself up a bit and was feeling horny. So blonde and slim I think I said. Oh and natural breasts, I cannot abide enhanced breasts. I could have said a sex fiend who likes fucking, but they are a rare breed among working girls and the receptionist probably thinks that they all are anyhow.

So Malu is maybe not as skinny as I would absolutely prefer, but in every other respects she is perfect. Best of all she is eager to please. If you want anything just ask her.

I loved my time with her, it was all pretty vanilla as is my preference. kissing, kissing nipples, owo, reverse, fucking in various positions, but all done with skill and enthusiasm. She did not have an orgasm, but she did not fake one either. And that sums her up - honesty in bed.

I rarely see girls more than once, but I will see Malu again. I recommend her to you.
