### The Premises:

Hard to imagine anywhere much more discreet, you are most unlikely to see anyone else, as it's a bit off the road, not on the main street. Her website says that Darlington is the nearest train station, but it's a fair way from there by taxi over 10 miles. I drove and that's probably your best bet.

An old house, with a superbly equipped BDSM studio upstairs. Clean and entirely suitable for its purpose. Adequate shower for use before or after playtime.

### The Lady:

Mistress's website is 100% accurate, you will definitely meet the lady depicted there and she is beautiful, with a delightful personality.

### The Story:

Obviously much depends on what kinks you enjoy or wish to experience. Whatever your tastes, the chances are that Mistress will be able to fulfil your darkest desires. And perhaps more so!

My advice is to communicate in detail, I did that and it all worked out superbly. She will tailor your session to meet your wishes, all with laughter and a background of Classic FM, which worked well for me. But don't make the mistake of thinking her laugh and lovely demeanour means she won't be cruel and administer pain, if the occasion demands that. However, unlike some, she isn't a sadist. Understand that sex is not on offer though you might be permitted to bring yourself to a climax at the end. If she feels inclined to allow you!

I won't go into too much detail, she's very much a lady, as well, but if you enjoy being restrained, hooded, gagged etc in various ways and some old fashioned discipline, then there's none finer, in my experience.
