The Story:

This girl should not be an escort. She does not like sex, she does not like to be kissed - anywhere, she does not like to be touched. She advertises Uniforms but was not dressed as requested. She spent a lot of time on the phone to Uber Eat. She used the "but I have put oil on your cock" excuse to avoid owo. She spent so much time putting the condom on that I lost my erection so she even avoided having sex. I settled for a quick hand job, which was merely adequate, and out in half an hour.

Avoid at all costs

Would the next fifteen guys who read this send me £10 - we might as well share the cost guys - come on !!!
