The Premises:

Pretty regular sort of apartment in Bayswater, not too far away from the station etc. Comfortable enough, nice shower and facilities. I was made very welcome.

The Lady:

Erbu is the same girl as the pictures would suggest, but there is certainly some photo-shopping going on with her pictures. She's a bit bigger than her pictures. But if you like your girls with a little more meat on them, she's just fine. A nice girl, full figure.

The Story:

I'll get straight to the point with Erbu. I enjoyed the brief experience with her, but it wasn't the best by a long shot. Arguably the best thing about her is her massive, natural boobs. These were very nice indeed. She was pleasant to talk to, but I felt a little conned to be honest. When I spoke to the agency afterwards Angels of London were as always very apologetic and helpful. There wasn't much they could do about the experience, but I feel sure they won't be recommended her much.

The reason I say this is because she had failed to inform them that she wasn't doing OWO due to a procedure she was having done on her lips. She's had filler put in or something. Her oral with wasn't too bad, but it didn't last long, and I'm sure it was because it was uncomfortable for her. The bottom line here is that she wasn't able to do her job properly, so she shouldn't really have been working.

Moved onto sex, which wasn't too bad either. She was on top and I got to play with those lovely boobs. Great swinging in my face and got me really turned on. Then I asked if I could cum on her boobs, but she told me it was extra. I've never paid extra for this before, and this is where I felt more cheated, especially since it was advertised on her profile. I informed Angels of this too and they were not very happy about it.

So, I wouldn't really recommend.
