### The Story:

I met Scarlett today after hearing about how patient she was.

She greeted me at the door with such a soft and kind voice. Having been really nervous prior, she really calmed my nerves and made me feel like I was welcomed.

She didn't wear make up but her beauty doesn't need a single touch of it.

I asked for french kissing + sex (with her on top at my request).

It felt so real. We started kissing with mine and her clothes on. We kissed for a good 5 minutes. It was hands down the best kiss I have had. She was stroking her hands up and down my t shirt while bringing my hands up to her boobs to make me squeeze them. She made gentle breathing sounds while kissing. She eventually took her top off really slowly which added to the realism. She then started touching me through my boxers to get me harder and harder, and when I was hard, she turned around and slowly grinded against me. She kissed my neck while she was facing away from me by bringing her lips to my neck. It was surreal.

We then moved to the bed where she kissed me while she was on top. She then started bouncing erotically on me. There were mirrors in the room so I could see myself and her bouncing at all angles. I could also feel the wetness of the lube against our skin. She breathed softly and heavily while bouncing for a good 5 minutes until I reached orgasm inside of her. She knew I was done but she still reached in for another kiss and kissed my neck while I was still cumming. She thanked me for my time which was the most amazing feeling. I should have thanked her to the moon for the best

experience I've ever had - and I've had several.

She then left the room and let me clean myself up. I put on my clothes and waited for her to come back. She then came back fully clothed and continued to kiss me.

Beautiful and breathtaking...

Thank you so much Scarlett!
