The Lady:

Elektra is a divine beauty with soft tanned skin, long flowing golden hair like the rays of the sun, lovely tattoos which only serve to enhance her magnificence, green eyes which will warm your soul and above all has a beautiful and charming personality.

The Story:

I was shown to the room and awaited Elektra's arrival, within moments she entered wearing beautiful black and red attire which perfectly highlighted her deliciously tanned skin. I gave her a present which she smiled at and expressed her thanks and then left to put it away whilst i got myself ready. I eagerly awaited her return and within a few minutes she was back. Elektra embraced me with a passionate but soft kiss, such was her touch that all worries or even thoughts of anything else but her vanished within the blink of an eye. Never underestimate the power Elektra has, for she is utterly divine and her calm demeanour, heart warming smile and gentle voice will reduce even the most stone-hearted man to a warm puddle on the floor. It is hard to put into words the sensation Elektra made me feel but i will try, to begin with once i asked her to remove her clothing we held each other in our arms. Our hands caressed each other and all the while we shared one passionate kiss after another only pausing so that we may look upon each other. Her emerald eyes will captivate your soul as it did me for at that moment i dropped to my knees, took her hands in mine and kissed them both softly only to then look up into the glowing face of woman too beautiful for this mundane world. I then began to trace soft butterfly kisses from her naval to her chest before she pressed her lovely soft breasts in my face leaving me smothered in bliss.

As i rose to my feet i took her hand in mine, wrapped the other around her waist and began to dance slowly with her. Elektra smiled and giggled but truly welcomed the moment. There we stayed lost in each others embrace for ages and truly i would have welcomed an eternity simply holding her in my arms, but i desired ever more to please her. I bade her sit on the edge of the bed and knelt before her, taking her angelic foot in my hands and placing the sole of her foot against my chest. I then began to gently caress her leg and foot, my gentle fingertips causing her to emit soft coos of

pleasure, further and further my fingers travelled but always returning to worship her foot once more. I then put her foot to my lips and began to kiss her flesh ever so softly before planting kisses upon her toes individually. I occasionally looked over to see her looking back at me, those emerald eyes and warm smile telling me that she was enjoying each moment. I then held her foot to my mouth and allowed my tongue to caress and explore her toes, this Elektra really enjoyed as her moans would testify. I made time to explore each one giving them all the due care and attention that they deserved, i worshipped her feet, each one in turn, as only a true goddess deserves and this to the soft coos from Elektra and the joy that she felt was as power to my heart. As she lay on the bed she placed both her feet on my chest and once more i let my fingers move back and forth along her soft silky skin, she giggled and smiled before closing her eyes and allowing herself to be lost in the relaxing pleasure i gave her.

We we now lost in the joy of one another's company, letting our feelings take us where they may. We lay down in each other's arms, her legs wrapped around me, my arms holding her close and our lips never parting from one another. Elektra then knelt by my side and with her own soothing touch began to move her fingers across my torso and legs before planting soft kisses upon me. Never have i been touched so by any woman, and none has or will ever come close to creating the magic that i felt in that moment. All the while Elektra smiled, thoroughly enjoying the pleasure she was giving. She then positioned herself accordingly and took my member in her gentle hand before guiding it to her lips. Kissing the head softly she then wrapped her lips around the shaft and began to slowly move up and down allowing me to enjoy the full experience of her tremendous skill. My word does this fair angel have skill, the oral sex i received was unlike anything i have felt and truly do i long to experience it again. "You taste so good" she said to me, well you can just imagine my beaming smile at her words and i would quite happily have allowed her to continue for ages but i longed to feel her divine warmth.

Applying the condom orally Elektra straddled me and gently taking my shaft in her hand she inserted me inside her, leaning forward our lips locked onto each other once again as she began to bounce up and down upon my erect member, she moved slowly and first before quickly finding a speed a rhythm which pleased her. I was totally enraptured by her warmth as i gazed upon her, a powerful angel who knew what she desired and would have it. Faster and faster she moved, her beautiful breasts rubbing against my face before i suckled on each one in turn and all the while her fingers of her left hand would occasionally run through my hair as she cooed softly. I next wanted to try my favourite position, missionary, so i stood at the end of the bed as Elektra positioned herself accordingly. With her legs either side of me i slowly thrust inside her, my body grinding in a slow rhythm against her own as i held her head in my hands and stroked her hair gently as we kissed. I felt my very soul light on fire at that moment, the green glow of her emerald eyes seemed all the more powerful as i could feel the urge to cum getting strong and stronger. Elektra moaned with passion wrapping her legs tightly around me as i thrust again and again harder and faster until i felt myself erupt inside her, but this was not the end for as our lips once again embraced we remained connected in mutual bliss and her warm smile and joyous giggles told me she had very much enjoyed every moment.

I asked if we could cuddle to which she was all to happy to agree and so i laid down upon the bed and my fair angel beside me with her head resting upon my shoulder and our legs intertwined. So warm was her fair skin and i a brief moment of quiet before the music changed track i swear i could hear the delightful beat of her precious heart. Our time was almost up but i was determined to make every moment count, a spark of joy ran through my mind and i offered Elektra my hand which she eagerly took and we had one last wonderful dance that day. We kissed over and over as if in fear that each may be the last one we would ever share but before we parted i made a promise i would see her again and a gentleman never breaks a promise to a lady.

Elketra is a divine woman, marvel at her, adore her but above all treat her with great dignity and respect for she deserves nothing less. If you read this my dear Elektra I thank you from the bottom of my heart for the joy you have brought me and i cannot wait to hold you in my arms again.
