The Story:

I called in with £60 no prices confirmed, the door fee was £10 shown into room told to wait, she comes in and explains the 'service' gfe all in £80 inc the door fee, I only had £60 which I figured would cover it, i said no problem I'll come back, she was keen to take the money and said on this occasion happy to provide the service for this price, she insisted on giving a poor effort with oil, then proceeded with a minute of bj then straight into sex on top, then came the do you like doggy i said well lets do some misionary first, 1 minute later come on finish in doggy, by this time the constant pressure and clock watching totally killed the mood, she then said I'll finish you by hand and the atmosphere was verging on hostile, i went to check my phone and i had only been in the room 12 minutes, this was the worst punt of my 20+ years (I'm not a regular punter but i know my stuff) this girl is to one to be avoided, I should have gone with my gut, shes a gold grabber that thought she could make a fast £60 (she did, basically robbed me!) The receptionist said come back as the other girls are different! I dont think so! If you have a similar experiance let me know!
