### The Lady:

### The Story:

I explained that due to health issues and medication, I can't get a hard on so penetration is out of the question.

I said that I wanted to suck her nipples and eat her pussy.

No problem she said.

Started with a massage, I could feel her big hard nipples on my back. I turned over and started to suck on those nipples,

Got her to lie on her back and got to work on her pussy, licking and sucking on her clit. She is very sensitive and asked me for a time out.

I came up for air and lay alongside playing with her tits.

round two I got Rose to get into the 69 position so I could get my mouth on her pussy again and toy with her ass she came in that position with me playing with her bum hole.

We chatted for a few minutes while I played with her nipples, then I dressed and kissed her breasts & pussy goodbye before I left.

Will definately see her again next time I'm up in Morecambe
