The Premises:

An easy incall in Bayswater, close to tube etc. Nice place inside, comfortable and warm (very warm actually!) shower was very good, clean fresh towels etc.

The Lady:

Giselle is the girl in the pictures. Obligatory photoshopping of course, but it's only a little touching up. She really is that gorgeous. Curvy, with lovely boobs and figure. I'd say she's about that age, so that's accurate enough.

The Story:

Giselle was wearing a nice tight black dress, showing off her legs, and her lovely cleavage. Nothing underneath so I discovered! She stood in front of me and allowed me to explore her body and strip her naked after my shower. She is every bit a busty, curvy, yet surprisingly slim young woman. Her boobs are really big and wobbly, yet not too droopy. There are scars under them, but I can't for the life of me work it out. Her boobs do not feel like implants in any way at all, so perhaps she had some removed? I don't know. They feel great and really responsive to sucking and playing with; she loves it!

Giselle was really horny, and suggested that I give her a nice start to the day. I kind of thought she meant go down on her, so I did. Whether she meant this or not I don't know, but she certainly loved it. Lots of wriggling around and moaning. Tensing up and lifting her legs around my head etc. When she was close to climax she started to play with my cock with her feet, and then told me to suck her clit. Instructed me to suck it harder and squeeze her tits. Then she came. She was very happy!

When it came to her turn to reciprocate, she gave great OWO and did it when I was in a sitting position. Had a lovely view of her ass and was able to play around with her big tits too. Went on to some cowgirl which was wonderful. She moves real nice and loved it. Doggy after this and then into missionary where she was getting close to climax again. Legs up, around my neck, then closed together and all the time banging away! Loving me playing with her boobs, which look great when she puts her arms together and allows them to wobble around. Wasn't long before I had to let go.

We were both quite exhausted, but she leaned over and told me she was still horny. Smiling at me, it was clear she really was. She had some lovely things to say about our session, and I started to play with her pussy, fingering her gently and then more intense. She clenched around my hand and came hard. This is one hell of a horny girl! Would definitely see her again!
