The Lady:

Jess is as described, the photographs are accurate. In person she is attractive with striking looks, and a slight Finnish accent. She was fun to be with, seems a really nice person.

The Story:

Introductions complete, Jess stripped out of her uniform to reveal her toned body.

Face down to start, and Jess began to build the tension by providing a deep massage to my calves and legs, with an occasional teasing stroke higher up...

This continued up onto my back, a good massage, and then accompanied by Jess gliding her body over mine, which felt pretty good!

More teasing as she moved in and out of range of my roving hands, allowing some light stroking of her back and legs.

Turned over, and Jess allowed her breasts to come into range of my face and hands, while sliding over my body. This all felt amazing, and all the while she was skilfully building up the tension, using oil and her hands, backing off to let me cool down from time to time! I was eventually brought to an explosive climax using her hands and breasts. It was so powerful I thought I'd dislocated something!

A very intense conclusion to the proceedings, absolutely recommend this lady, her technique is just wonderful.

Kiitos Jess! And I will try to visit you again soon :)
