### The Premises:

Her place was fine for what it was, small but hey, she lives in Knightsbridge and it's bloody expensive. Had a nice clean shower room, the living/kitchen area was nice and tidy and the bedroom was clean. Fresh sheets etc so was more than happy.

### The Lady:

Just like her pictures, though a little paler. Her fake tan must have run out lol love her hair too. I usually go for the long hair to grab hold of but it really suited her, made her look a bit spunky, though I made her look even more so a little later on ;-). She was nicely put together, beautiful body, lovely make up. She'd made an effort.

### The Story:

Started off with oral. I went down on her and licked her out for ages. Her pussy smelt amazing and she got really wet really quick which proper got me off.

Then she started sucking me off but coz I'd really enjoyed going down on her, decided to do a 69'er. Was getting a little too close though so we stepped back and took it in the shower.

I washed her down, fondling her tits, slipping a few fingers in and then she got down on her knees and went down on me some more.

Then she put a condom on me using her mouth. Unreal!!

She had a small little ledge where some of her products were so I quickly chucked them on the floor and picked her up and put her on there. Pounded her from behind for a while before pulling out and then flipped her round and done her from behind. She has the best arse ever. I did her from behind up against the ledge and really grabbed her arse while I was doing it. It was amazing. I also reached around and was grabbing her tits, she was more than happy for me to really pull on them and get a little rough with them. To finish off, I parted her cheeks and rammed in her backside. I love anal!! And she did not disappoint!
