The Premises:

Discreet location with plenty of parking available. Arrived a tad early and shown into a rather drab waiting room in order to be kept separate from other clients. Offered a cup of coffee whilst I waited.

The Lady:

Poppy is a delightful 'buxom' blond. Originally of Polish extraction but with perfect English having lived here for 10 years. Photos on the website are new, of which she is justly proud. Perfectly reflect her great body. Great to talk to and makes you feel at ease.

The Story:

As reported here before. Small room upstairs. Nicely equipped with a shower. Undressed whilst I waited for Poppy to arrive. Which she duly did and started a conventional massage whilst we chatted. Then it became more interesting as she indulged in some full body massage. Turned over and had a better appreciation of her great body. She had some concerns that she had gained weight recently and that might put people off. Whilst I cannot compare with her previous svelte self, all I can say is that for my taste she is wonderfully proportioned. And she has some skills. As a man of 'mature' years I normally take a lot of encouragement to reach an end point, even when well stimulated. Poppy got me there in just a few minutes. Most impressed. I have got a feeling I will be back.
