The Premises:

I have been to this location previously (behind ego massage) and had a pleasant room. Not this time. The room near the front door on ground floor was tiny. You could barely get a bed in the room. That would normally be okay because a bed is all you need. However this bed had a funky (I mean a very strong funky mildew smell). It was almost nauseating. You could smell it without being on the bed. The sheet on top was also filthy with stains and someone hair.

The Lady:

Foxy is as beautiful as her pictures shows. She looks around early thirties.

The Story:

Because of the smell of the room it almost distracted from the pleasant experience with Foxy. Foxy entered the room and immediately greeted me with a DFK. This went on for a long time. We then undressed and she gave an outstanding owo. Once again the order from the bed distracted from the experience. We then had sex in various positions. Overall a great time with Foxy and she tried to do everything to please. Unfortunately the smell of the bed distracted from the experience
