The Premises:

Nice appartement near Victoria.

The Lady:

She looks 10 years older than I expected from the picture, it was a bit of a turn off at first. She has quite a lot of gray hair and her face is a bit rough, but still has a charm. She would do great in a post apocalyptic movie, as this warrior who's seen it all. Her body followed the same idea, quite nice, but not as toned as you might expect from the pictures.

The Story:

She is very nice, soft and attentive. She has a good technique to make you feel relaxed, and you really want to let yourself go. She felt like she was enjoying it. The social time was good too, nice conversation. If it wasn't for her physique which I wasn't thrilled by, it would have been an amazing experience.
