### The Premises:

off the high street, pretty discreet. place was very clean. parking across the road. a variety of different massages available.

### The Lady:

Out of this world! Scarlett is a deadringer brunette Brigitte Bardot, about 5'7, 34b, slim and perfectly proportioned, very very attractive, she is the girl in the photos. Think of the wolf in the cartoons with his eyes going loopy and jaw dropping, and you get the idea. Absolute knockout!

### The Story:

I very rarely write reviews because either the girl or place is not up to standards. However, this girl is out of this world! No fake tits, no tattoos, no attitude, no narcissism, no bullshit, really polite where you come first(!) and she provides a service that was superb. Great massage, she was constantly smiling, this is a girl who clearly loves what she does and it showed. Had me on edge throughout! Also helps when the place itself is clean. When you call to make the booking, it helps when you speak to someone nice and you can tell it in the voice, it gives you a taste of what you're dealing with. No airs or graces, no crappy attitude unlike other places where some think they're better than you when they aren't and all they're really running is a disguised brothel with extras on offer. With this place, it really is professionally run by people who actually give a shit and don't just take your cash and fuck you over and can't accept that it's all about the customer and not about them. There's none of that here, I'd definitely go back again and recommend it. Makes a refreshing change. Be polite, that way people will come back. One word describes the girl and place: **OUTFUCKINGSTANDING!**
