The Premises:

Just around the corner from the infamous Blind Beggar in Whitechapel. Comms were fine and arrived at the address at the allotted time. A few minutes a Chinese guy beckons me around the corner to a different address. I guess this is a filtering process but it doesn't make me very comfortable. The place is a mess with sordid bedding strewn about and smells of cooking. There are two plates of chow mein. Is this her boyfriend?

I am ushered into a room that is equally disheveled.

The Lady:

Chinese aged about 25, not the same girl as in the pics by any stretch, medium build with flattish tits, slim hips, flat arse and tattoos.

The Story:

I strip off and lie on the bed and she stays in her jeans rubbing my back. Sex is now an extra £20.

Ok I guess -

so mood killer no 3 is I have to get up and get the £20. She then undresses to reveal her big black bush. Half a packet of wet wipes later including wiping the newly installed rubber a couple of (!) I get down to RO. All I can think about is the bf's chow mein is getting cold. The old chap is playing up a bit by now and her pussy is so clammed shut I can't get it in. The operator said 30cents more for the next 3 minutes so I settled for HJ which she ended mid shoot over myself and 5 mins later I was walking towards the tube. To be fair she is quite friendly but doesn't speak a word of English. Has a pretty smile, but would have had more fun using my left hand for a change. Poor VFM.
