### The Premises:

Reda's place is in the Warren Street area. It's quite an inconspicuous basement apartment, but very security conscious at the door. Cameras, bolted gates and everything. Felt quite unnerved at first. She made me feel welcome however and the flat was nice enough, comfortable and clean.

### The Lady:

Reda is the same girl as the pictures, you can tell just by the tattoo on her thigh really. However, she has put on a few pounds and there is a bit of touching up on the pictures. I'd say she was in her early-mid twenties. Pretty girl, good English.

### The Story:

The booking was nice, but standard. OWO was not on offer, which was a shame. I reported this to the agency after because they advertised that it was. They told me that they were informed by Reda that she did this, and I see that they have since altered her profile to reflect this, so kudos to them. She was pretty good at oral, but not the best.

When we got down to it, I was told I had to "go easy" with her boobs because they hadn't long been done. I could tell that much of course. They looked great, but what is the point in having them look so good if you can't play with them! I think that she should have perhaps taken more time away from her escorting career to recover rather than disappoint her clients.

Sex was nice, but again this was problematic at times. Sadly Reda is one of those that doesn't like too much in. At one point I felt as though I was hardly in there to be honest. We did do missionary and her on top, but I was declined doggy unfortunately.

A nice girl, and not too bad for a standard £150 punt, but not one I'd repeat I'm afraid.
