The Premises:

A truly awful upstairs flat at the back of shops in Pickford Lane. To make it worse the kitchen staff at the Italian restaurant are sometimes outside on cigarette breaks.

The Lady:

The only similarity between the girl profiled and the girl I saw was they both had dark hair. The girl I saw was at least two dress sizes larger.

The Story:

The little head was firmly in charge and despite my reservations that it was bound to be a bait and switch I went ahead with the punt. To make it worse I had been to see other girls at the same place. It used to be a venue for Chinese women. The only redeeming factor was the friendliness of the girl I saw. I decided to cut my losses and settle for a slow hand job. That way I could at least have an extended play at her big tits. The slow hand job was delivered very well and it took a good few minutes before I exploded.

There was another girl working in another bedroom. I doubt she'd look anything like her profile too.
