The Premises:

Very easy to find place in Bayswater, not too far from the station. Nice and easy access in a very discreet side street. The flat is quite small, but clearly a home and very homely. She hadn't been there too long, so she said, but she has made it look really nice. Very comfortable with good facilities. Felt safe and secure.

The Lady:

Beza does look like her pictures, she's quite tall, around mid twenties I'd say, with a very nice body. Pictures are enhanced of course, but there's a nice selfie on Angels of London website that is a very good representation. She is very naturally beautiful. Enhanced boobs, but very well done! She's originally Romanian, but she's been living in Spain for a long time apparently. Her English is very good.

The Story:

Beza is a hell of a woman. She made me feel right at home. Nothing was rushed at all. She was dressed in bra and panties and heels. Lovely long legs! She had done herself up nicely with a touch of makeup too, and really made the effort, which was nice for a middle of the day booking. We chatted a little whilst we dealt with the necessities. After my shower I was invited to her bedroom where I sat on the edge of the bed and took a good look at her. Fabulous, and everything is very natural, apart from her boobs. However, when I got them out, I have to say that they are arguably some of the best work I've seen on an escort in a long time. Literally just an "enhancement" and not a full on boob job.

Beza began with a blow job. She asked me how I liked it and ensured there was plenty of sexy interaction and chatting between times. She kissed me all over my chest and down my legs etc. before actually getting down to it. This is where I feel as though I need to go back and see her again, because I confess to not actually having intercourse with her. I know it's a poor show to read as a review, but I couldn't not let her finish what she started here.

Her blowjob has to rank real highly in my all time favourites. It wasn't all about how much she got in her mouth either, it was more about the girlfriend type feeling of it all. It felt like she wanted to make

it the best ever. She really, genuinely got into it. I can't really describe it to be honest. Just take my word for it (as a prolific reviewer!) that this girl can give good head! What I liked about the conclusion to this was that there was no break in the action when I asked her if I could cum in her mouth. I knew that it cost extra, and I didn't want to stop to go fishing around in my trousers. I knew I had it, and I told her I had it, to which she just nodded and smiled with my cock still in her mouth. Truly marvellous. It was such a natural conclusion that I was spent.

Considering I'd had a couple of days of punting, and Beza was my farewell to London until next time, I seriously didn't have it in me for a second pop, and I had a train to catch anyway unfortunately. I would need to book a longer time, but I have to see if she screws as good as she blows!
