### The Premises:

The Baroness's Dungeon was amazing very well equipped with everything you would expect and more. I also was shown The Her Medical room although not my scene looks stunning. I sessioned in Berlin last year and it was as good as the facilities there.

### The Lady:

Beautiful Lady, her images do not do her justice. I asked her to dress in her trade mark Red Latex catsuit and she did not disappoint. She as an incredible body matched with a wicked sense of humour and is well spoken. She was stunning.

### The Story:

I have visited a few dominatrix regularly over the years and The Baroness is as good as anyone I have ever seen. She greeted me and then showed me in to her office where we had an unrushed conversation about my fetishes. I was quite nervous sat in front of her as she does have real presence, a complete Goddess, but she is warm and immediately put me at my ease. I felt in very safe hands. I explained my various fetishes, I love heavy rubber CBT and suspension.

I was offered a shower which I accepted and was then collared and let to her dungeon. The quality of her latex for her slaves is amazing and as someone into rubber it was wonderful being placed in a house of harlot catsuit which she expertly laced. I wont go in to too much detail but I spent a wonderful ninety minutes at her mercy. He suspension is like nothing I have ever experienced and her skills torturing my manhood were incredible. Her surroundings are so atmospheric it added to an amazing session. She did not clock watch and we ran well over time. She seems to be a Lady that really enjoys her work.

When the session ended I was allowed to shower again and we sat and chatted for a while. She is warm and knowledgable Lady that I will certainly visit again.
