The Premises:

Well described elsewhere and all good.

The Lady:

Very tall curvy pretty blonde in her mid 20's, great legs, peachy bum, pretty face, shoulder length blonde hair, a fantastic pair of breasts, and as I would soon discover, very large nipples that really do perk up when sucked.

Wonderful smile and quite the friendliest of ladies and sexy as hell.

The Story:

Started kissing and didn't stop throughout the 30 minutes, an exceptionally good kisser. Would put the most nervous of punters at ease as she is so friendly, tactile and engaging. Was licking my balls and sucking my cock in an instant, great oral technique, knows her way around the male anatomy, freed her boobs for me to fondle and suck, more oral on me at end of bed, amazing tit wank as my cock disappeared between those magnificent mammarys. On with the rubber as Camilla climbed on board and rode me to nearly completion, off with the rubber and Camilla encouraged me to fill her mouth which I duly did, swallowed the lot with aplomb and licked her lips. Lots more kissing before I left.

Everything was hunky dory!
