Nice room. Ensuite working shower.

The Lady:

Fuck me.

The hottest lady I've ever been with.

Face 10 - I have never been pleasantly surprised by the real thing til now - olive skin, hypnotic eyes, cute but dirty smile, sexy singing voice - like a real life Queen Cleopatra

Body 10 - what I would have created in Weird Science

Make up - classy and smelt gorgeous

Boobs 10 - visually. 8 in practice as her nipples were very sensitive, and her implants she said hurt her when I groped her breasts (and I am pretty gentle)

Eye Contact 10- for BJ, facesitting and fucking, she was always smouldering in my di-erection

Attitude 10 - keen for me to have a great time even when I wanted an awkward position on the chair

The Story:

Sexy as hell

Sweet as sugar

Surprisingly gentle - gentle massage to start at my request. Playfully tickled me with her fingers, ground her crotch into my atse.

She seemed to read my mind and did everything I love most without being asked - ear licking, BJ lots of spit and proper deep throat, ball licking, kissing up and down my body, I was in heaven.

Face sit - staring down at me between those succulent breasts, grinding gently into my face, but I failed to make her come (next time I will Alexa)

Mish - allowed me to fuck her gently (as Jack Black would say) without looking bored as some women do

Kissing in Mish - the only slight disappointment, she said she liked kissing, but was pretty light, maybe it was me, I had just squeezed her sensitive breasts, oops, sorry Alexa...

Final fuck position - her facing me in the armchair. Problem was it was too low so she was half crouching and found it quite uncomfortable. Again, sorry Alexa, I'm a idiot. Next time we'll do cowgirl on the bed as you suggested
