### The Story:

My first visit to this establishment so cautious about what to expect. Pressed the flat number I had been given on the entry phone and buzzed in, then upstairs to the flat where the door was just ajar to let me in. Greeted quietly by one Chinese lady. I had been told that there was a choice so I asked to see the second one as well. Either girl would have been satisfactory, petite and pretty etc but I chose the second one.

In the room the lady was very smily and friendly with lots of kissing and stroking even before getting undressed! However she had virtually no English. I get undressed and before I am finished she is standing alongside me in her birthday suit helping me finish undressing. We again stand and kiss and stroke. I can now feel her slim body and pert little arse. She is holding my cock which is standing up like a flagpole. She gasps a bit. I believe Chinese men do not have very big ones. Next, onto the bed and some more kissing as I explore her neat little tits and, parting her little black bush, start to get some lubrication going on the pussy lips and then onto her clit. She meanwhile is gently stroking my cock.

After this warm up I invite her to get down between my spread legs, and after waving the condom away and some sign language, she starts to kiss and suck my naked cock. She works hard at this. I then get her on her back and I get on top in the 69 position. I spread her legs and tuck then under my arms and go to work on her pussy. Her hairy minge reminds me of my youth when they all had hairy minges. I now work her pussy with my tongue and she has my cock back in her mouth and working it hard.

Now we head for the main course. She puts the condom on me and we get into the missionary position. I put Willy into the breach which is well lubricated but it doesn't go very far before it becomes apparent that it is not fitting easily. There then follows several minutes of careful shafting at the entrance to expand the vagina which then slowly frees up to finally allow careful exploration at full depth. Although still tight this is now working for both of us although it felt like it does when using the backdoor. We now fuck away steadily for 15 minutes until Willy can no longer take the stimulation and explodes. She then cleans me up and kisses some more and then helps me dress.

We have a conversation with Google translate! All very nice and satisfactory. Recommended.
