The Lady:

Website pictures are a fair representation but don't show how tall and what a big framed Lady Camilla is? Being on a weight loss program her body is changing and the result are promising. Not the best shaped body, boobs, bum and tummy I've ever experienced at MK, but not the worst either, which is why my rating is neutral.

The Story:

Usual warm welcome from the host then shown to attic room, which was my preference. When Camilla arrived she filled the small doorway like a female bond villain. Camilla is a very confident talkative girl and we both put ourselves at ease very quickly chatting. Camilla from my perspective a larger Lady than I anticipated, but for any punter with a liking for a larger built Lady then an ideal choice.

Camilla's oral skills are basic her BJ technique needs practice and refinement good ball sucking but you'll see what I mean when you indulge her. After our initial foreplay and a lovely comment from Camilla about the size of my appendage, as she struggling to get the condom on, we got down to business.

In short I fu*ked Camilla which I know is what I was there to do. What I mean is Camilla laid back and let me do all the work, it was as if the roles were reversed and she had procured my services. Camilla's responses (physical and verbal) were genuine, I like it when woman talk dirty during sex and I think Camilla actually enjoyed the experience she certainly came more than once. For me it was like being with my partner, but a much bigger wetter pussy, I fu*ked Camilla fast and slow using all me gigolo techniques (Joke) to satisfy her and I hope she got her money's worth.(lol)

I must have fu*ked Camilla for over fifteen minutes in the missionary position. Camilla had no inclination to offer alternative options or ideas, which is why I question after the event how long she's been in this profession. I shot my bolt kind of prematurely in the condom inside Camilla, and in hindsight I should have asked for CIM which I'm sure would not been a problem. Good chat

afterwards, very relaxed atmosphere post proceedings, Camilla's had a life already for one who is relatively young and as I suspect new to this lifestyle. After the event I kind of bruised or friction burnt my bellend the condom must have been too small after all, which is why Camilla had a problem getting it on me at the outset.

Acid test is would I see Camilla again, unfortunately no. Camilla is not my desired type, but would love to know if she improves her techniques and abilities with practice!
