The Lady:

Sarah and Diane are both attractive young English ladies, mid-to-late twenties, and around the same height, about 5-5. Both have shoulder-length hair, Sarah's blonde with curls, Diane's a little longer, straight and fair. They are both slim, Sarah has small breasts (with one nipple piercing) while Diane is more curvy with full breasts (and a navel piercing).

The Story:

I had seen Sarah once before, as a duo partner with a different girl, while Diane I had seen several times before. They had been duo partners a couple of times previously, but this was the first time I had had the pleasure of that experience.

We met up for a drink in the pub across from my flat, and then once back in the flat the girls changed into their schoolgirl outfits – my usual preference! The girls have to answer questions, and depending on their answer they choose (if correct) or I choose (if wrong) one of several scenarios on offer. Things start off quite vanilla and get naughtier as we progress, but the girls were into the duo from the early stages, with lots of unprompted mutual kissing and breast squeezing and fondling. Highlights included: both girls giving heavy attention with their mouths to my cock while sharing kisses, Diane and Sarah heavy petting while I gave attention to Sarah's pussy, and then standing in front of Diane as she gave me a deep blowjob with Sarah between her legs licking her out.

We all finished up naked together in a big heap on the sofa, chatting and relaxing. The girls definitely enjoyed each other's company and they certainly showed me (and each other) a good time. They are really nice girls too, easy to chat to and great fun to be with. These days I always see Diane (if she is available) when I'm in London, but I will without doubt try to squeeze a duo with her and Sarah into my schedule again next time.
