Rachel is petite but perfectly proportioned. She has gorgeous silky black hair, and a winsome smile. Her photos are completely accurate.

The Story:

I've not seen Rachel for a couple of years now although she had always been one of my all-time favourites so when the opportunity came I decided that I should see her again

At the same time I was nervous. A couple of months ago I had been to see another former favourite who I hadn't seen for a long time and with whom I had always had a good experience in the past but who had turned out to be a real disappointment

Would it be the same with Rachel I asked myself? Would she still be as beautiful as I remembered? Would she still be as loving and friendly? Would she even remember who I was?

I needn't have worried on any of these counts. She is as gorgeous, as sweet and, thank God, as sexy if not better than before.

She greeted me in her hotel room with a dazzling smile wearing a tiny miniskirt and a black see-through lace bolero just covering her pert little bra-less boobs but otherwise open down the front. She came into my arms, I slipped my hand under her bolero and we kissed. Rachel is a skilled and gentle kisser who knows how to use her tongue to full effect.

The moment we were both naked, she knelt in front of me and took my manhood into her soft and willing mouth as I stood there with my eyes closed, my hands clasped behind my back and struggling to prevent my knees from giving way while she sucked me expertly until I came. Exhausted I collapsed on the bed to relax but Rachel was having nothing of that. She had something special for me.

'Get on your hands and knees with your arse in the air', she said.

I did as I was told and with my face buried in a pillow, I felt Rachel first kiss and caress my bottom cheeks before gently but firmly spreading them apart and applying her soft moist tongue to the sensitive area around my anus.

I had never felt anything like that before. I admit that it felt a little odd at first but, as her warm,

slippery little tongue continued to tease my arsehole, it quickly became exciting and when the tip began to explore my hole itself, I nearly came on the spot.

The sensation was incredible. I remember her putting a finger in me there before but never her tongue. I just didn't want it ever to stop. When we were cuddling later, I asked her why she hadn't done it to me when we used to meet in the past. 'You never asked', she said!

But time was getting on and Rachel didn't want me to leave without giving me one last treat.

Slipping her cool fingers between my legs to check that I was hard enough (I was) she squatted over me, lowered herself onto my cock and gave me the cowgirl fuck of my life. It was sheer heaven to be inside her after so long and I came and came and came.

She is fabulous and I'm so glad I decided to see her again.

But even more importantly, she is just a super person. You just know that she genuinely cares for her clients and her entire focus is upon his (or her - she sees ladies too, she tells me) enjoyment rather than her own. That said, she loves to be fucked and responds really well to a good licking and fingering. And she really enjoys being cuddled; she is the most cuddle-able person I know.

I simply can't speak too highly of her. She is like a dream come true.

I cannot recommend her too highly guys. She is one of the very best. You'll never regret seeing her – and don't forget to ask her to rim you. You'll never regret that either.
