The Premises:

Although situated on an industrial estate and in an old mill or factory building the place is nice and bright, well lit and very clean. Nice big reception with TV on one wall, showing "normal tv" programmes and another running a slide show of all the ladies who work here.

A very friendly lady receptionist confirmed my earlier telephone booking and as it was my first time here, explained everything about the establishment, she then took the £20 room fee and explained that the rest of the standard fees and any extras should be paid directly to Sonia when in the room. She then took me through to room 2 which is big, bright and clean, with a big comfy bed and a massive shower. The receptionist told me Sonia would join me shortly bringing the drink I had been offered.

The Lady:

I had met Sonia a couple of weeks earlier when I had just called in to look the place over, not having time to stay for any fun. She had seemed bubbly and bouncy then and this was the case now.

She is slim and sexy, with long, long legs. Don't mistake slim for skinny, Sonia has curves in all the right places and a nice handful off boobs to play with, with tight firm dark nipples.

Sonia looks just like her photos (no fakes at this establishment) and to make things even better she was wearing the same outfit as in her photos.

The Story:

We took a few minutes to chat during which time Sonia advised me of her normal services (no kissing) and what her extras are, I opted for OWO/CIM as this is my favourite and the reason I use these services.

We then got straight down to the action at my request, and as I lay back on the bed Sonia knelt next to me and lowered her head to take me into her soft mouth.

There was lots of tongue and lip action Sonia sucking up and down my dick with a deep suction, keeping her lips on my shaft at all times. There was just the right amount of deep throat action, and

Sonia held me deep for a few seconds a couple of times. This girl knows how to suck a cock, and give her clients pleasure.

What was also nice was Sonia made plenty of eye contact throughout and seemed to genuinely like her work.

When I came Sonia took everything I could offer, holding me in her mouth, with lips locked around my shaft until I had finished, she also made eye contact me as I came. A great GFE touch that.

Some girls get you out of their mouths as soon as you start cumming, or just take a couple of spurts, but not Sonia.

After I had finished Sonia gave me some wet wipes to clean up with as she did the same herself, then a nice massage for a couple of minutes just to relax, then a quick shower.

Sonia is one very talented lady and I will definitely see her again, maybe for some ALevels.

If I could give her 6 stars I would.

As well as GFE. One of the best places around North Manchester.
