The Story:

Was happy to meet Victoria as she's a very attractive girl. Went into the room together and chatted whilst I showered. Came out and she helped dry me off before getting on the bed where she proceeded to give me a fairly lengthy massage. I asked her her likes but she didn't reciprocate. She then went straight to giving me some light oral (no dt) despite it being on her profile before moving to a 69 which she seemed to enjoy. Gave me a couple of light pecks on the lips only after I asked. On with a condom which I have to admit to my shame I didn't last very long ! Victoria did try to arouse me again but after only a five minute break raising the Titanic was more likely ! Gave me another massage before asking if I was getting a shower which I replied that I would be so when I turned the shower on she took that as her cue to fairly rapidly exit the room with not so much as a kiss, offer of a drink or a shower herself. Now the reason for the neutral review. I'm not basing it on the actual service although no services were offered and the whole experience was rather 'vanilla' but on the time spent in the room. I entered the reception at just before 12, had a chat with the lovely lady on reception and then one of the other girls made me a coffee which I half drank before going in the room. I checked my watch before getting in the shower a second time and it was 12:46 so I assumed she was coming back, sadly mistaken. Showered, dried and dressed before seeing myself out of the room and handing my coffee cup in at reception. Considering the time left I thought this was rather rude and bad mannered. Only time I've left a room at GFE feeling embarrassed. This has been my third in a row mediocre experience at GFE and maybe my last.
