The Premises:

Close to Middlesex Street market, got told to go to address obviously not hers, then had to wait 4 minutes for her to come and get me from estate opposite to take me into a quad surrounded by blocks of flat. Flat clean and discrete although inaccessible without being let in.

The Lady:

I knew the photos on the website were not the actual escorts (Suki the one I saw, but I also saw the other one Sumi) - pictures actually J-pop girls Suzuki Airi & Yajima Maimi. But I thought I would go just to see what girl really like and I could always go somewhere else if not too good.

Girls were Japanese and around 5ft 6 or 5ft 7 and Suki who came out to see me causally dressed in trousers. I had specified she wear a skirt and blouse or dress, but assumed she would change when in flat

The Story:

Taken straight into bedroom where she asked me for the donation, which she then took out and I heard I speak to the other girl.

She came back into the bedroom and no attempt to change into the clothes I requested.

She was pretty, but she seemed more concerned with "tips" asking often for them for some services I would have assumed included. There was no kissing on lips, she wanted another £100 to do OWO, not sure if that also included CIM, and she did come down to £80 - I still said no.

She did have lovely breasts and great nipples, very erect and her hand felt nice on my manhood and got me stiff.

She then gave me covered oral, but I asked her to instead mount me, this after she started talking about "tips" again and asking me if I wanted the other girl to come in.

Sex was Ok but brief, and more my age, and she did feel and look good riding me.

Then I asked for some massage, which was very average and I mentioned having a second round, and she said only cum once. For £140?!! Then started talking about "tips" again.

By nice any ardour I felt was lost with all her talking about "tips" - the mood just goes
