The Premises:

A nice easy find apartment in the Earls Court area, down a very quiet back street with practically no-one around. Nice and easy access. Nice cosy room with mirrored wall (sliding door), nice and spacious, good showering facilities.

The Lady:

Kanika is certainly the girl in the pictures. She's in her mid twenties I'd guess (she did tell me but I've forgotten). Looks just the same, if not better than she does on the website. Beautiful face, very unique, with a very pretty and sexy wide mouth and big lips. Fabulous eyes, long black hair. Speaks pretty good English. Very friendly and accommodating, aims to please and succeeds.

The Story:

Bit of an odd start to this session, but it all turned out very well in the end. I arrived on-time. Kanika answered the door and invited me in. She looked fantastic, despite having no make-up on at all. She apologised to me and gestured for me to sit in the hallway because she wasn't ready. She returned and flirted nicely with me. She's a lot of fun. She only had on a black silky type gown and a pair of black knickers. She looked amazing! Nice round ass and very big tits. I had a nice introduction to her body and felt her up and down with some pretty heavy kissing too (full on), before she lead me to the shower.

This was where there was problem number two. It appears as though Kanika had had a pretty rough day all told. She hadn't managed to get towels and things sorted out very well and she handed me a clean bedsheet to dry myself on and apologised profusely. I didn't have a problem with it. She explained that she had lost her contact lens and could barely see in front of her. She apologised again for how she looked, believing herself to look bad for some reason because she was "au naturel" so to speak. The poor thing had tried to negotiate with the opticians in town but got nowhere because she hadn't got a prescription. Quite stressful by the sounds of it. Anyway, I digress.

When I came out of the shower and dried myself with the sheet, she told me that she had a very special treat for me for being so understanding. She wasn't kidding. What followed was one of the best experiences I've had in a long time. Kissing was very intense and lead quickly to us falling on

the bed together. She was soon naked too and I was exploring her body. She rubbed her pussy against my cock and teased me whilst we kissed – very hot!

She knows what she wants and she really enjoys it. She instructed me where to kiss her, on her neck and at the side of her boobs and tummy. She loved it and giggled, getting very wet around my cock. I thought I might slip in by accident at one point. She soon went down on me with passion. Whilst she was doing this she was playful with her chat and told me she wanted me to cum in her mouth and that it would be good and she would take it all. This made me very horny indeed. Luckily I can be quite a “stayer” at times and I didn’t just pop there and then in her mouth. Her OWO varied deep and wet, licking the balls and up and down the shaft (very thorough!)

Moved onto the sex. WOW. She told me that she liked rough sex at this point and as I started to fuck her in missionary, she reached down and moved my hand around her neck, whispering encouragement to fuck her hard. As I did she really did enjoy it. It seemed the rougher I was with her the more she seemed to like it. She really gets into this role and actually looked at me wide eyed with a scared expression on her face one minute and then a wicked laugh the next telling me to give it to her harder. She came in this position and she was so very wet!

We quickly turned this into cowgirl and this allowed me those perfect boobs in my face. She was having a lot of fun, as was I, and then she reversed the whole hand around the throat thing with me. Her hand actually didn’t feel uncomfortable, so it appears that she probably knew I was a beginner at this sort of thing. She slapped my across the face a couple of times too, and this seemed to give her even more pleasure. Then she had the idea of putting a pillow over my face. I’d never had this either (all new for this punt!) Very exciting, but not really my thing. She moved it after not very long and laughed, checking I was “still alive”. Kanika would be a great playmate for someone really into this sort of play I’m sure.

Doggy was one of the best positions and she arches her back lovely like this. I fucked her really hard like this, pulling her onto me and slapping her ass. She loved it with the deep and long kissed over the shoulder. I really had to let go so I pulled out, whipped of the condom and positioned myself to jerk over her face. She looked me right in the eye and let me cum into her mouth, where she then continued to suck on me until it was all gone. She smiled and politely excused herself to spit it out.

When she returned she told me that this was my special surprise. She let me cum in her mouth without the usual extra cost of £50. She said she did this because of the towel and for waiting. We chatted for what seemed like ages afterwards about many things. She is a genuinely lovely girl, and incredibly sexy.
