The Story:

The last time I saw Sophie was in the summer of 2010. Then she was a young girl fresh on the scene.

Since then I have tried to meet her again a few times but she was always busy when I could fit it in. But then last Tuesday when I was out in the car we managed to fix up a time for another session.

On arrival I found her in nice undies including a sussie belt and seamed stockings. Not requested but just what I like and a nice surprise.
After I had freshened up she started rubbing her bum against my cock while getting down to just the stockings and suspenders. I got her to lie back on the bed so I could explore her body with my, mouth tongue and fingers, culminating in some 3 point stimulation to make sure she was ready for action.

For round one she came up on top and rode me cow girl with a butt plug inserted . I was going to change position but before I could I had cum.
After a bit of chat she went to work on me with her mouth. Plenty of spit and a bit of deepish action. Once rock hard she covered me up again, using her mouth which is a nice touch I like, then on to the main event. She knelt at the edge of the bed and guided me into her tight bum. Once in I gave it a good pounding while watching the action in her full length mirror. I did not come so withdrew gracefully.

After a little break I got her on her knees in front of the mirror for more hand and oral work. She made me go week at the knees but I could not manage a final spurt. However I was happy with the meeting and pleased to have met her again.
