The Premises:

Easy to find (familiar to me) place in Earls Court. Couldn't get more quiet actually, considering how close it is to the tube station too. Comfortable and spacious, good facilities. Welcoming and felt safe.

The Lady:

Narcissa is much more than her pictures would suggest. She looks great in them, but in person she is even better. A fabulous body, incredibly slim without being too skinny, tall, with a beautiful smile and lovely hair. Her makeup was done perfectly, lovely big kissable lips and everything I could possibly want in a woman. I would say that her age is accurate, but she looks much younger. A charming woman, although her English is quite poor. Very funny though and likes to have a laugh.

The Story:

Narcissa is the reason why Russian escorts get such a good name. She is one of the best I've seen, and I thought I'd seen the best a couple of weeks ago. They just keep getting better. She is the ultimate in GFE. Affectionate, loves to stroke, caress and cuddle and go like a mad thing! Loved every minute of it.

She was wearing a red silk, short gown that barely covered a thing. Beautiful long legs with flesh coloured hold-up stockings. Black panties and bra beneath that soon came off when she stood before me. She moved against my body and my raging hard on and did cheeky little dances as she teased me. Her boobs are gorgeous and all natural. After this she went down on me for what has to be some of the best oral I've had in years. She's so good, I mean it! And I know what I'm talking about. She goes deep (and I'm not a small guy!)

I could easily have popped in her mouth, but wasn't sure I'd be able to go again in the hour. I really should start booking for longer periods of time because when my time was up, I was well ready to go again damn it! I should mention here that her kissing is also second to none. None of that exaggerated tongue action all over the place, just subtle. Her lips are so juicy and welcoming. I went down on her too for a while, which she seemed to appreciate by parting herself and playing with her clit as I did it. Some nice moaning coming from her too as we began to start rubbing ourselves

against each other. Some nice rubbing her pussy on my dick (almost went in a time or two!) before she was well juiced up and ready.

Fucking began nice and slow in missionary, kissing her neck and generally admiring the look of her being fucked. She is enough to make anyone cum in minutes! It was actually all so very natural that I can't remember whether she went on top or not. What I do remember was taking her from behind and really going at it which she loved. Then I shoved her head in the pillow and laid her flat as I gripped her ass and her legs together to go at it a little harder and faster. She slid her hand between her legs at this point and soon climaxed. Her moaning and her juicy pussy really had me ready to cum. I whispered in her ear that I wanted to "cum in mouth" and I was getting real close. Trouble is she didn't quite understand and she was really very flustered and sweaty (she looks great like this by the way!) Then she got it and said "finish here" pointing to her mouth. Just that alone had me twitching and I pulled out. She sat on the edge of the bed and I fed her my cock with some serious face fucking. She took it so well. As I came she choked a little and gagged but carried on sucking. WOW! Amazing.

I knew that it was an extra cost too, and I made sure to pay her before I left. After she returned from the bathroom she returned to give me a pretty damn good massage too. This was so much more than I expected and I was very pleased with the result. Her massage isn't just oil and rubbing, she does these gentle strokes and tickles almost, literally all over the body. It was this at the end that had me ready to go again damn it! I will be back!
