The Premises:

Parlour in an industrial unit near Northampton Station (walking distance). Not particularly discreet entrance (cafe overlooking the front door). Safe enough area. Looks shabby from outside but rooms are comfortable inside. Friendly maid/receptionist a plus.

The Lady:

Bog standard late 20s/early 30s MILF. Photos are accurate. Sort of lady you'd see doing the shopping in Tesco with a couple of kids and think more "I probably would" than "wow". English. Chatty. No real complaints.

The Story:

Performed professionally which is to say all services competently but unmemorably rendered. Sexual services, anyway. Massage bit wasn't worth the paper it was printed on. Kissing, O, RO, sex. No complaints with that other than she banged on a bit too obviously about "next time", "becoming a regular", and "repeat business" which got a bit grating since to be honest, I felt no connection at all. Bottom line; standard punt with standard English girl. If you click with her, which I didn't (just one of those things) you'd probably have enjoyable time. Otherwise, you'll get what it says on the tin and move on. A neutral from me.
