The Premises:

Basement apartment in Earls Court, nice and easy to find, a bit of a walk from the tube station, but no great hardship. Spacious and comfortable inside, nice and quiet. Felt safe and secure. Appeared to be just the two of us there. Great facilities.

The Lady:

Jelly is every bit as lovely as her pictures. They are very glamoursly done of course, as are all the pictures at these agencies, but in terms of natural beauty, she has it all. She's about the same age as it suggest, her English is surprisingly good and she speaks with a very sexy accent. A beautiful smile. Natural body, not skinny, with some a lovely curvy ass. A truly beautiful young woman. And yet another wonderful service from these Russians. I have been very lucky lately!

The Story:

Jelly greeted me in a leopard print short dress, black heels and hold up black fishnet stockings. It was a morning booking and she had taken the time to get herself ready, which I appreciated. Sometimes when I've had earlier bookings, the girls have literally just rolled out of bed. Jelly had made a real effort. A subtle amount of make up, and she smelled lovely. She greeted me enthusiastically with a very big smile, followed by a nice girlfriend type kiss. Very real and very genuine.

Another thing that's important, whether she was pretending or not, is that she was very complementary of my appearance, even before I'd had chance to tell her how amazing she looked. She liked "my style" and she had some interesting observations. She was interested in where I had come from and where I was going etc. Again, if it's all part of the service, she does it very well, and I was certainly made to feel very special. I was actually feeling quite tired after having had quite a busy couple of days, and I was anxious about not missing my train, but Jelly put me right at ease.

In her cosy bedroom, she began by taking off her dress and allowing me to caress her body. She had no bra on, but a nice little pair of black panties. Her boobs are adorable and just the right size, no enhancements at all. I grabbed her ass and turned her around for a good look. She began kissing very passionately, not too much tongue, just a taste. It was very nice. Then came the really good stuff!

Her OWO is fantastic! No word of a lie. I'm talking depth now. I've never been a massive believer in it being so good just because a girl can get you in deep, but then I've never had a girl take me in this deep before. I'm not a small fella. Not massively thick, but plenty long enough for most girls and she managed to get me all the way in! This was a first, and I now know what all those guys were talking about. It felt great. The tightness at the back of her throat and the pressure, along with how wet she was doing it, it has to be the best yet. It made her eyes water, but she kept on doing it and laughing to herself as she came back up for air. What a woman!

I'd already worked out that this was how I'd like to finish things off, but we moved onto the bed where we played around rubbing our genitals against each other and getting really wet. Love it when the girls like to play naughty like this. These Russians seem very eager to please. But it wasn't long before she was reaching for the condoms to get things going. She was already so very wet. I think I must have been her first of the day because she wasn't long before she was well into it and climaxing, saying all manner of strange Russian words in my ear as I held her tight. She felt amazing.

From here I turned her over for some doggy action, then down on her front with her legs closed and watched her ass shake from the pounding. I kept leaning forward to kiss her. She seems to like kissing a lot! Then I was simply too knackered I'm embarrassed to say. She turned over and got on top for a while giving me a lovely view of her face and her tits as she rocked back and forth.

I asked her if she would suck me off again and she agreed. Off with the condom and then right down on it again like there was no tomorrow. She then switched it up with some really wet and slow movement that I found amazing and felt myself about to explode. Grabbed hold of her head and pushed her down on me and she kept me there in the back of her throat whilst I shot. She took the lot and came off my cock gurgling my cum as she giggle, saying "oh my god". Then you know what she did? She smiled at me and swallowed the lot with a grin.

Amazing woman, amazing experience. If you get the chance, see her!
