The Premises:

Clean, nicely furnished, plenty of parking nearby, walking distance of shopping mall with offee shops, restaurants, cafes and bars.

The Lady:

Grace's profile photos speak for themselves. Her profile describes her as a supermilf but I would say that she also has the looks and gives the impression of having the characteristics of a cougar ie the type of lady who knows what she wants from the opposite sex and knows how to get it in a predatory sort of way.

She will be the perfect partner for punters harbouring fantasies of being seduced.

The Story:

Grace only had 3 reviews to her name at the time of my visit two of which was when working in Milton Keynes at Annabellas and the other at House of Divine in London. Despite not having as many as some other ladies working that day, I felt confident after reading her's that she will be worth seeing and took the advice of one reviewer who said in his review: "Treat yourself to a date with Grace. She gives a wonderful GFE." So I did and he was right.

Things happened so quickly after she came into the room that it was all a blur and I had think hard on the drive home to recall the sequence of events. I remember Grace hugging me as soon as she entered with me kissing her up her neck until I reached her mouth and her responding enthusiastically to deep french kissing. She has a wonderful technique and I would have happily paid £60 just for this. She must have sensed that I am relatively inexperienced at this game as she spoke dirty and kept telling me in the rudest possible way all things we were going to do. So she rubbed my cock with her hand telling me that she was going to make it big and hard while we continued to deep french kiss. Then she said she was going to put it in her mouth and give it a good suck which she did without a condom. It felt so good that I almost came despite having had a wank before leaving the house. Then she said she wanted me to fuck her hard from behind, rolled on the condom, got on all fours and put me in. While I banged away she was moaning loudly with pleasure telling me how good it felt using the f word liberally and urging me not to stop. I don't know how I

held off from coming quickly but I did as I pounded her like a seasoned pro rather than the novice that I am. Then she told me to go harder using the f word several times in between her gasps, moans and groans until I came collapsing exhausted on top of her as I did.

When I regained my composure, I told her that it was a really good punt and that I will be doing a review on punternet. She replied that for her reviews are hard to come by and while many punters promise to do one they never do. I told her that she can trust me and I am as good as my word.

To conclude this review, I will repeat the advice set out in a previous review:

"Treat yourself to a date with Grace. She gives a wonderful GFE."
