The Premises:

Elements is a small parlour near baker Street station. The room is small but clean as are the shower facilities. Quite a busy neighborhood, but the street itself is quite discreet.

The Lady:

Isabella is quite a petite girl with Auburn hair and very pretty, I'd say maybe a size 6. Relatively new to London royal, I think she said she'd been there just over half a year. Quite a soft massage, don't think she'd really manage a hard massage, but great nonetheless.

The Story:

Booked for a 30 minute sensual massage. Comms were great as always. Isabella is a very pretty and petite girl with a soft touch. An absolutely stunning body as well. Spotted her profile when she first started at London royal so was looking forward to this on.

Not very talkative but still felt very much at ease with her. After about 15 or so mins of massage followed a good bit of teasing whilst I was still face down.

After turning around she continued to tease and massage on my front, most girls these days dive straight into the HR so I was quite pleased about this.

Technique for the HR was flawless, nice and slow but does up for the ending and paid plenty of attention to the balls as well.

A quick shower and it was time to go.

Definitely recommended!
