The Premises:

Apartment is in the Gloucester Road area, in a place I've been to a few times before. Lovely quiet street, nice building with a very cosy little apartment. We were alone which was nice, allowed me to relax in the lounge area. TV was on, nice and relaxed atmosphere, great facilities. Safe and secure.

The Lady:

Alsu looks like her pictures with the obligatory "touching up" here and there. She's very naturally beautiful. Very little makeup on and still looked lovely. She's a petite girl, very slender, but not too skinny. Speaks excellent English, I was very surprised.

The Story:

Greeted me with a lovely passionate kiss. She's the real deal GFE this escort. Looked great in a see through black lace gown, with nothing on underneath. Perfect little ass and a perky tits (slightly enhanced, but felt lovely) Straight down to the action in the bedroom with plenty of sloppy OWO, quite deep. I returned the favour with some oral on here which she seemed to like. She was really wet and asked me to fuck her, so who was I to refuse.

Went at it with her on top and I have to say that for a little woman, she really takes it well. She really gets into it like this. Switched up with missionary where I managed to grab a hold of that ass and play with her tits at the same time. Lovely stuff. She kisses really passionately throughout by the way. Proper hot Russian!

It was quite late to tell the truth and I'd had some other punts during this three day session in London, so we went for a while nice and slow in doggy. This was lovely, nice and deep and I enjoyed spanking her ass a little as she moaned. I'd had enough so pulled out and whipped off the condom for some more OWO. Then the idea hit me to try out the old head over the bed thing I'd seen done. I've never done it before but Alsu seemed like the right woman and she was into it. I positioned her with her head tilting back and gave her a good face fucking whilst I played with her pussy. Loved it, but she had to bring her head up after a while as it hurt. She finished me off nicely into her mouth. A real treat and a lovely way to end the day. Had a nice little chat about GOT before I left!
