### The Premises:

Neighbour seems like mostly families is a nice new build looking apartment block near to Harlesden tube station. Nicole did mention there was free parking outside. Inside the apartment block there is a lift as she is on the 4th floor this is really nice. Inside I am offered a shower which is really nice and hot. fresh towels too. The room is really nice and tidy. There is a full length mirror on the wardrobe which was a good idea.

### The Lady:

Nicole is Polish and speaks every good english. she is about 5ft 3in in height and is stunningly beautiful especially for her prices. I have seen her before at a different location. This time she has black hair and I have seen her with red hair. She doesn't show her face on AW, but I am told this is because of job outside of this work. But other than that the photos are of her.

### The Story:

We exchange the money and then it's DFK and her hands glide over my body and I grab her firm cute arse. Then she goes down on me while she lays on the bed and plays with her pussy. We carry on for a little while, but I am eager to see how she tastes. She is soon very wet. She asks if I want to fuck her. So she asks what positions I like - I tell her every position. She wants it doggy first. So I fuck her while looking in the mirror. Her face is a peach in this view. Then cowgirl which she excels at, her technique is something else. Then I finally get her in missionary and she makes me cum so hard. Nicole then offers me a nice massage. Round two is similar and this time I get her against the mirror standing up. It is a bit of a squeeze as per the bed. Then it's back in the missionary. She feels so wet and still very tight. She starts moaning and shouting fuck me, so I start to fuck her really hard. I could fuck this girl all day long if money allowed. I cum again hard kissing her deep. SHE seemed to enjoy it too. I leave feeling really fucking statisfied, but not before asking how long for an allnight. She is well up for it she tells me, but she only does this sometimes as she works daytime only, so i am told to give her plenty of notice to arrange
