The Story:

I had seen Pixie a couple of years back and had a great time when I saw her back then. I decided to go and see her again and boy was I not disappointed. As she walked into the room she recognised me straight away which I hadn't anticipated but was very pleased about. On with the shower and we got the paperwork sorted out. She dispensed a light massage before moving quickly down to my arsehole and started rubbing it and I loved that. I went straight up for a kiss and was met with tongue and a lovely enjoy snog with lots of enthusiasm, she then spat on my dick and started on with a lovely bit of Owo interjected with lots of snogging all very stimulating. On with the cover and shagged her missionary hard and my dick is slightly bigger than your average but she took it with enthusiasm while I sucked on her tits, she said if her tits could cum they would have. Off with the cover and another owo to cim, very nice she wanked and sucked me into her mouth with her finger libbed up sliding up into my arse. Had a bit of a chat about punting and the industry along with a lovely kiss and cuddle. On with a little bit of two way wanking and she did this with enthusiasm and lots of kissing and encouraged me to taste her fingers as she used them to play with her sweet cunt, not be long before we both climaxed. Another quick kiss cuddle chat and I was off. Lovely gfe, true little sweetie, very great lover with a cute little personality and very easy to talk to. Thanks for a great punt will book again.
